I have a diverse work history in marketing, events planning, broadcasting, community relations and event planning before starting work in the Film Industry. I have a broad range of experiences within the film industry, doing security for ACFC and Teamsters, placing brands/products in Film and TV serials as well as occasionally doing Background Acting and voice-over. I am trained in Microsoft Office, including Word, Excel and PowerPoint and have basic graphic design and bookkeeping skills. I hope to expand my work skills and industry knowledge and do wrangling and other production positions. I will in May updating my OFA 3, it has currently expired. Please email for a copy of my Animation and Voice-Over demo.
